
# BARANGAY DOCS

## A Cloud-Based Barangay Document Request and QR-Verified Processing System for Residents and Officials of Barangay Banicain, Olongapo City

# Team BARANGAYDOCS

**Member: Gen Lhetter S. Villanueva**
**Course: BSIT  2B**
**Relevant Skills:**

- Web Development
- Database Management
- UI/UX Design

# THE PROBLEM!

No real-time request tracking

Manual, paper-based document processing

Long waiting times

Lost or damaged records

Risk of document forgery

# WHY THE PROBLEM MATTERS

Wastes time and resources

Reduces trust in public service

Increases workload for staff

Limits transparency

# TARGET USERS & BENEFICIARIES

## Primary Users:

Residents of Barangay Banicain

Barangay Secretary

Barangay Staff

## Secondary Beneficiaries:

Barangay Captain

Future administrations

# PROPOSED SOLUTION

# BarangayDocs

A web-based system that...

Allows online document requests

Stores records in the cloud

Generates QR-verified documents

# HOW IT WORKS

Simple 5-step process:

1. Resident logs in

2. Submits document request

3. Staff reviews request

4. System generates QR code

5. Resident receives verified document

# TECHNICAL ARCHITECTURE

User → Web App → Cloud Database → QR Generator → Admin Dashboard

# MVP KEY FEATURES

1. USER REGISTRATION & LOGIN
2. ONLINE REQUEST FORM
3. REQUEST STATUS TRACKING
4. ADMIN DASHBOARD
5. QR CODE GENERATION
6. CLOUD STORAGE
7. BASIC REPORTS
8. RESPONSIVE AND ACCESSIBLE INTERFACE

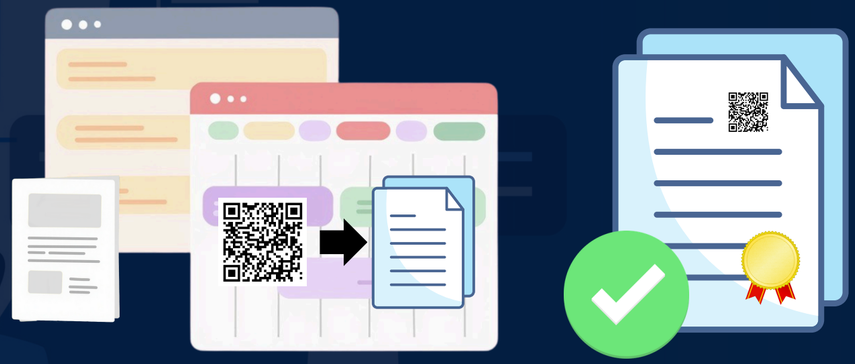
# INTEGRATED EMERGING TECHNOLOGIES

## Cloud Computing

- Stores and backs up records
- Enables scalability

## QR Code Verification

- Prevents document forgery
- Ensures authenticity



# SDG ALIGNMENT

## SDG 16

Peace, Justice, and Strong Institutions
Transparent document tracking
Secure and accountable processing

## SDG 11

Sustainable Cities and Communities
Digital access to local services

# FEASIBILITY & SCALABILITY

## FEASIBILITY:

- Uses existing web technologies
- Affordable cloud hosting
- Can be developed within semester timeline

## SCALABILITY:

- Can be expanded to other barangays in Olongapo City

# IMPLEMENTATION PLAN

Month 1 – System Design
Month 2 – Development
Month 3 – Testing & Deployment

Month 1 - System Design

Month 2 - Development

Month 3 - Testing & Deployment

# EXPECTED IMPACT

- Reduced processing time
- Improved transparency
- Reduced paperwork
- Secure document verification

# CLOSING STATEMENT

BarangayDocs demonstrates how emerging technologies like cloud computing and QR verification can modernize barangay-level governance and improve community services.
